IN THE UNITED STATES PATENT AND TRADEMARK OFFICE
BEFORE THE TRADEMARK TRIAL AND APPEAL BOARD

Notice of Opposition

Notice is hereby given that the following party opposes registration of the indicated application.

Opposer Information

Name	Fuhu Holdings, Inc.
Granted to Date of previous extension	05/21/2014
Address	909 N. Sepulveda Blvd., Suite 540 El Segundo, CA 90245 UNITED STATES

Attorney information	Joseph Moschella Fuhu Holdings, Inc. 909 N. Sepulveda Blvd., Suite 540 El Segundo, CA 90245 UNITED STATES trademarks@fuhu.com Phone:310-227-8230
----------------------	---

Applicant Information

Application No	86030366	Publication date	01/21/2014
Opposition Filing Date	05/21/2014	Opposition Period Ends	05/21/2014
Applicant	NUBI TECHNOLOGIES INC. # 503 Houston, TX 77024 UNITED STATES		

Goods/Services Affected by Opposition

Class 009. First Use: 2013/05/01 First Use In Commerce: 2013/06/25
All goods and services in the class are opposed, namely: Mobile phones; Wireless cellular phone headsets; Cell phone battery chargers; Mobile phone apparatus

Grounds for Opposition

Priority and likelihood of confusion	Trademark Act section 2(d)
Dilution	Trademark Act section 43(c)

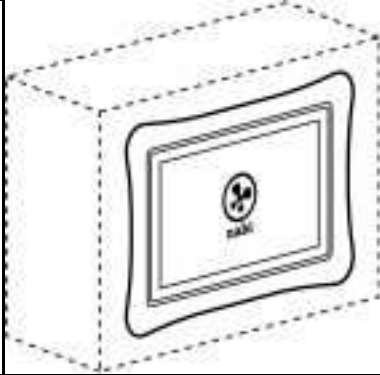

Marks Cited by Opposer as Basis for Opposition

**IN THE UNITED STATES PATENT AND TRADEMARK OFFICE
BEFORE THE TRADEMARK TRIAL AND APPEAL BOARD**

<p>FUHU HOLDINGS, INC.,</p> <p style="text-align: center;">Opposer,</p> <p style="text-align: center;">v.</p> <p>NUBI TECHNOLOGIES INC.,</p> <p style="text-align: center;">Applicant.</p>	<p>Opposition No.</p> <p>Mark: NUBI Serial No.: 86/030,366 Published: January 21, 2014</p>
--	---

NOTICE OF OPPOSITION

Fuhu Holdings, Inc. (“Fuhu” or “Opposer”), a California corporation with a principal place of business at 909 N. Sepulveda Blvd, Suite 540, El Segundo, CA 90245, believes that it will be damaged by the registration of Application No. 86/030,366 for the mark NUBI (the “Subject Mark”) filed by Nubi Technologies Inc. and hereby opposes the same. The grounds for opposition are as follows:

1. Opposer, Fuhu Holdings, Inc. is a corporation organized and existing under the laws of the state of California with a business address of 909 N. Sepulveda Blvd., Suite 540, El Segundo, California 90245. Opposer is a wholly owned subsidiary of Fuhu, Inc., a California Corporation with a principal place of business at 909 N. Sepulveda Blvd, Suite 540, El Segundo, CA 90245.
2. On information and belief, Applicant, Nubi Technologies Inc. is a Texas corporation with a business address of 7941 Katy Fwy., #503, Houston, Texas 77024, (hereinafter referred to as “Nubi” or “Applicant”).
3. On August 6, 2013, Applicant filed in the United States Patent and Trademark Office (the “USPTO”) U.S. Application Serial No. 86/030,366 (the “Application”) to register the mark “NUBI” for use or in connection with “*Mobile phones; Wireless cellular phone headsets; Cell*

phone battery chargers; Mobile phone apparatus” in International Class 009 (“Applicant Mark”)

based on a date of first use anywhere on May 1, 2013 and a date of first use in interstate

commerce on June 25, 2013.

4. On information and belief, Applicant is not yet using the Subject Mark in commerce in connection with the listed goods stated in Applicant’s Application.
5. For several years, and prior to the acts of Applicant alleged herein, Opposer has designed, developed, manufactured, marketed, distributed and sold technology-based consumer electronic devices and related software and accessories in connection with its family of marks comprised of the term NABI.
6. Opposer is the owner of the following U.S. trademark registrations for the mark “NABI” in connection with goods in International Class 9 (hereinafter collectively referred to as the “Nabi Marks”), which cover related goods to Applicant’s goods:

Trademark	Ser./Reg. No.	Priority Date	Description of Goods/Services
NABI	4,232,559	9/19/2011	Handheld mobile digital electronic devices comprising a full featured tablet computer, electronic book reader, digital audio and video player, electronic personal organizer, personal digital assistant, electronic calendar, and global positioning system (GPS) device, and capable of providing access to the Internet and sending, receiving, and storing messages and other data, with a special and unique focus on commerce by and related to children and their parents, including preloaded access to children's publications and sites and news and information feeds related to children's issues and unique filters related to children's content on the Internet; dedicated home computer screen for receipt and sending of messages and content related to children's issues; user manuals in electronically readable, machine readable or computer readable form for use with, and sold as a unit with, the aforementioned goods; computer software and firmware, namely, operating system programs, data synchronization programs, and application development tool programs for personal and

			handheld computers; pre-recorded computer programs for personal information management; database management software in the field of children's issues, optical character recognition software, telephony management software, electronic mail and messaging software, paging software, mobile telephone software to enable the transmission of data to mobile telephones; database synchronization software, computer programs for accessing, browsing and searching online databases; cameras, videophones; solid state memory apparatus, namely, computer memories; computer game and electronic game programs; parts, and fittings for, and electronic testing apparatus for testing the functionality of, all the aforementioned goods; parts, and fittings for, and electronic testing apparatus for testing the functionality of, mobile digital electronic devices comprising a full featured tablet computer, electronic book reader, digital audio and video player, electronic personal organizer, personal digital assistant, electronic calendar, and global positioning system (GPS) device, and capable of providing access to the Internet and sending, receiving, and storing messages and other data; electronic testing apparatus for testing the functionality of all the aforementioned goods; user manuals in electronically readable, machine readable or computer readable form for use with, and sold as a unit with, all the aforementioned goods; pre-recorded audio video discs featuring audio, audiovisual, musical, multimedia and video works in the field of children's issues; batteries; rechargeable electric batteries; battery chargers; chargers for electric batteries; headphones; stereo headphones; in-ear headphones; stereo audio speakers; audio speakers; audio speakers for home; digital music and/or video players; radios; video cameras; audio, video, and digital sound mixers; radio transmitters; parts and fittings for all the aforesaid goods; bags and cases adapted or shaped to contain tablet computer devices; bags and cases adapted or shaped to contain MP3 players, hand held computers, tablet computers, personal digital assistants, global positioning system (GPS) devices, electronic organizers and electronic notepads
NABI and Design	4,233,424	3/8/2012	Handheld mobile digital electronic devices comprising a full featured tablet computer, electronic book reader, digital audio and video player, electronic personal organizer, personal digital assistant, electronic calendar, and global positioning

			<p>system (GPS) device, and capable of providing access to the Internet and sending, receiving, and storing messages and other data, with a special and unique focus on commerce by and related to children and their parents, including preloaded access to children's publications and sites and news and information feeds related to children's issues and unique filters related to children's content on the Internet; dedicated home computer screen for receipt and sending of messages and content related to children's issues; user manuals in electronically readable, machine readable or computer readable form for use with, and sold as a unit with, the aforementioned goods; computer software and firmware, namely, operating system programs, data synchronization programs, and application development tool programs for personal and handheld computers; pre-recorded computer programs for personal information management; database management software in the field of children's issues, optical character recognition software, telephony management software, electronic mail and messaging software, paging software, mobile telephone software to enable the transmission of data to mobile telephones; database synchronization software, computer programs for accessing, browsing and searching online databases; cameras, videophones; solid state memory apparatus, namely, computer memories; computer game and electronic game programs; parts, and fittings for, and electronic testing apparatus for testing the functionality of, all the aforementioned goods; parts, and fittings for, and electronic testing apparatus for testing the functionality of, mobile digital electronic devices comprising a full featured tablet computer, electronic book reader, digital audio and video player, electronic personal organizer, personal digital assistant, electronic calendar, and global positioning system (GPS) device, and capable of providing access to the Internet and sending, receiving, and storing messages and other data; electronic testing apparatus for testing the functionality of all the aforementioned goods; user manuals in electronically readable, machine readable or computer readable form for use with, and sold as a unit with, all the aforementioned goods; pre-recorded audio video discs featuring audio, audiovisual, musical, multimedia and video works in the field of children's issues; batteries; rechargeable electric batteries; battery chargers; chargers for electric batteries;</p>
--	--	--	---

			headphones; stereo headphones; in-ear headphones; stereo audio speakers; audio speakers; audio speakers for home; digital music and/or video players; radios; video cameras; audio, video, and digital sound mixers; radio transmitters; parts and fittings for all the aforesaid goods; bags and cases adapted or shaped to contain tablet computer devices; bags and cases adapted or shaped to contain MP3 players, hand held computers, tablet computers, personal digital assistants, global positioning system (GPS) devices, electronic organizers and electronic notepads

Copies of the Certificates of Registrations for the Nabi Marks from the USPTO's Trademark Electronic Search System are attached hereto as **Exhibit A** and incorporated herein.

7. Opposer has continuously used and continues to use many of the Nabi Marks in interstate commerce on or in connection with its goods and services since at least as early as November 2011. Opposer has spent considerable time, money and resources in promoting its products.
8. Opposer is also the owner of several other U.S. trademark registrations and pending trademark applications, in International Class 009, incorporating the term "Nabi," (hereinafter collectively referred to as the "Nabi Family Marks"), including, but not limited to the following:

Trademark	Ser./Reg. No.	Priority Date	Description of Goods/Services
NABI ANYWHERE	86/088,304	10/10/2013	Computer software that delivers, distributes and transmits to users music and entertainment-related content via computer networks and communications networks; computer software for the collection, editing, organizing, modifying, transmission, storage and sharing of data and information; interactive game software; computer software for creating on-line chat rooms for social networking, for creating social networking databases and for social networking database management; computer software for creating searchable databases of information and data for peer-to-peer social networking databases; communication software for streaming or downloading music, movies, television programs, audio books and games

NABI and Design	4,414,217	2/20/2013	Handheld mobile digital electronic devices comprising a full featured tablet computer, electronic book reader, digital audio and video player, electronic personal organizer, personal digital assistant, electronic calendar, and global positioning system (GPS) device, and capable of providing access to the Internet and sending, receiving, and storing messages and other data, with a special and unique focus on commerce by and related to children and their parents, including preloaded access to children's publications and sites and news and information feeds related to children's issues and unique filters related to children's content on the Internet
NABI CANDEE TAB	86/276,231	5/8/2014	Handheld mobile digital electronic devices, namely, tablet computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital assistants, electronic calendars, and global positioning systems (GPS) that users may use to browse the Internet and send, receive, and store messages and other data, along with user manuals in electronically readable, machine readable or computer readable form for use with, and sold as a unit with, the aforementioned goods; computer software and firmware, namely, operating system programs, data synchronization programs, and application development tool programs for personal and handheld computers; pre-recorded computer programs for personal information management; database management software; optical character recognition software; computer application software for mobile phones, portable media players, and handheld computers, namely, software for use in telephone call management and to send and receive electronic mail and data to mobile phones; database synchronization software; computer programs for accessing, browsing and searching online databases; cameras; videophones; solid state memory apparatus, namely, computer memories; parts for tablet computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital assistants, electronic calendars, and global positioning systems (GPS), namely, replacement screens, replacement power cords, stands, holders, and

			chargers; Electronic apparatus for testing functionality of tablet computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital assistants, electronic calendars, and global positioning systems (GPS); batteries; rechargeable electric batteries; battery chargers; chargers for electric batteries; headphones; stereo headphones; in-ear headphones; stereo audio speakers; audio speakers; audio speakers for home; digital music players; digital video players; radios; video cameras; audio, video, and digital sound mixers; radio transmitters; parts for cameras, video cameras, headphones, stereo headphones, in-ear headphones, and stereo audio speakers, namely, replacement screens, replacement power cords, stands, holders, and chargers
NABI CANDEETAB	86/276,243	5/8/2014	Handheld mobile digital electronic devices, namely, tablet computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital assistants, electronic calendars, and global positioning systems (GPS) that users may use to browse the Internet and send, receive, and store messages and other data, along with user manuals in electronically readable, machine readable or computer readable form for use with, and sold as a unit with, the aforementioned goods; computer software and firmware, namely, operating system programs, data synchronization programs, and application development tool programs for personal and handheld computers; pre-recorded computer programs for personal information management; database management software; optical character recognition software; computer application software for mobile phones, portable media players, and handheld computers, namely, software for use in telephone call management and to send and receive electronic mail and data to mobile phones; database synchronization software; computer programs for accessing, browsing and searching online databases; cameras; videophones; solid state memory apparatus, namely, computer memories; parts for tablet computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital assistants,

			electronic calendars, and global positioning systems (GPS), namely, replacement screens, replacement power cords, stands, holders, and chargers; Electronic apparatus for testing functionality of tablet computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital assistants, electronic calendars, and global positioning systems (GPS); batteries; rechargeable electric batteries; battery chargers; chargers for electric batteries; headphones; stereo headphones; in-ear headphones; stereo audio speakers; audio speakers; audio speakers for home; digital music players; digital video players; radios; video cameras; audio, video, and digital sound mixers; radio transmitters; parts for cameras, video cameras, headphones, stereo headphones, in-ear headphones, and stereo audio speakers, namely, replacement screens, replacement power cords, stands, holders, and chargers
NABI CANDI TAB	86/276,215	5/8/2014	Handheld mobile digital electronic devices, namely, tablet computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital assistants, electronic calendars, and global positioning systems (GPS) that users may use to browse the Internet and send, receive, and store messages and other data, along with user manuals in electronically readable, machine readable or computer readable form for use with, and sold as a unit with, the aforementioned goods; computer software and firmware, namely, operating system programs, data synchronization programs, and application development tool programs for personal and handheld computers; pre-recorded computer programs for personal information management; database management software; optical character recognition software; computer application software for mobile phones, portable media players, and handheld computers, namely, software for use in telephone call management and to send and receive electronic mail and data to mobile phones; database synchronization software; computer programs for accessing, browsing and searching online databases; cameras; videophones; solid state memory apparatus, namely, computer memories; parts for tablet

			computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital assistants, electronic calendars, and global positioning systems (GPS), namely, replacement screens, replacement power cords, stands, holders, and chargers; Electronic apparatus for testing functionality of tablet computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital assistants, electronic calendars, and global positioning systems (GPS); batteries; rechargeable electric batteries; battery chargers; chargers for electric batteries; headphones; stereo headphones; in-ear headphones; stereo audio speakers; audio speakers; audio speakers for home; digital music players; digital video players; radios; video cameras; audio, video, and digital sound mixers; radio transmitters; parts for cameras, video cameras, headphones, stereo headphones, in-ear headphones, and stereo audio speakers, namely, replacement screens, replacement power cords, stands, holders, and chargers
NABI CANDITAB	86/276,233	5/8/2014	Handheld mobile digital electronic devices, namely, tablet computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital assistants, electronic calendars, and global positioning systems (GPS) that users may use to browse the Internet and send, receive, and store messages and other data, along with user manuals in electronically readable, machine readable or computer readable form for use with, and sold as a unit with, the aforementioned goods; computer software and firmware, namely, operating system programs, data synchronization programs, and application development tool programs for personal and handheld computers; pre-recorded computer programs for personal information management; database management software; optical character recognition software; computer application software for mobile phones, portable media players, and handheld computers, namely, software for use in telephone call management and to send and receive electronic mail and data to mobile phones; database synchronization software; computer programs for accessing, browsing and

			searching online databases; cameras; videophones; solid state memory apparatus, namely, computer memories; parts for tablet computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital assistants, electronic calendars, and global positioning systems (GPS), namely, replacement screens, replacement power cords, stands, holders, and chargers; Electronic apparatus for testing functionality of tablet computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital assistants, electronic calendars, and global positioning systems (GPS); batteries; rechargeable electric batteries; battery chargers; chargers for electric batteries; headphones; stereo headphones; in-ear headphones; stereo audio speakers; audio speakers; audio speakers for home; digital music players; digital video players; radios; video cameras; audio, video, and digital sound mixers; radio transmitters; parts for cameras, video cameras, headphones, stereo headphones, in-ear headphones, and stereo audio speakers, namely, replacement screens, replacement power cords, stands, holders, and chargers
NABI CANDY TAB	86/276,195	5/8/2014	Handheld mobile digital electronic devices, namely, tablet computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital assistants, electronic calendars, and global positioning systems (GPS) that users may use to browse the Internet and send, receive, and store messages and other data, along with user manuals in electronically readable, machine readable or computer readable form for use with, and sold as a unit with, the aforementioned goods; computer software and firmware, namely, operating system programs, data synchronization programs, and application development tool programs for personal and handheld computers; pre-recorded computer programs for personal information management; database management software; optical character recognition software; computer application software for mobile phones, portable media players, and handheld computers, namely, software for use in telephone call management and to send and

			<p>receive electronic mail and data to mobile phones; database synchronization software; computer programs for accessing, browsing and searching online databases; cameras; videophones; solid state memory apparatus, namely, computer memories; parts for tablet computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital assistants, electronic calendars, and global positioning systems (GPS), namely, replacement screens, replacement power cords, stands, holders, and chargers; Electronic apparatus for testing functionality of tablet computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital assistants, electronic calendars, and global positioning systems (GPS); batteries; rechargeable electric batteries; battery chargers; chargers for electric batteries; headphones; stereo headphones; in-ear headphones; stereo audio speakers; audio speakers; audio speakers for home; digital music players; digital video players; radios; video cameras; audio, video, and digital sound mixers; radio transmitters; parts for cameras, video cameras, headphones, stereo headphones, in-ear headphones, and stereo audio speakers, namely, replacement screens, replacement power cords, stands, holders, and chargers</p>
NABI CANDYTAB	86/276,210	5/8/2014	<p>Handheld mobile digital electronic devices, namely, tablet computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital assistants, electronic calendars, and global positioning systems (GPS) that users may use to browse the Internet and send, receive, and store messages and other data, along with user manuals in electronically readable, machine readable or computer readable form for use with, and sold as a unit with, the aforementioned goods; computer software and firmware, namely, operating system programs, data synchronization programs, and application development tool programs for personal and handheld computers; pre-recorded computer programs for personal information management; database management software; optical character recognition software; computer application software for mobile</p>

			phones, portable media players, and handheld computers, namely, software for use in telephone call management and to send and receive electronic mail and data to mobile phones; database synchronization software; computer programs for accessing, browsing and searching online databases; cameras; videophones; solid state memory apparatus, namely, computer memories; parts for tablet computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital assistants, electronic calendars, and global positioning systems (GPS), namely, replacement screens, replacement power cords, stands, holders, and chargers; Electronic apparatus for testing functionality of tablet computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital assistants, electronic calendars, and global positioning systems (GPS); batteries; rechargeable electric batteries; battery chargers; chargers for electric batteries; headphones; stereo headphones; in-ear headphones; stereo audio speakers; audio speakers; audio speakers for home; digital music players; digital video players; radios; video cameras; audio, video, and digital sound mixers; radio transmitters; parts for cameras, video cameras, headphones, stereo headphones, in-ear headphones, and stereo audio speakers, namely, replacement screens, replacement power cords, stands, holders, and chargers
NABI CLOUD	85/946,435	5/30/2013	Computer application software for a handheld mobile digital electronic device comprising of a full featured tablet computer, electronic book reader, digital audio and video player, electronic personal organizer, personal digital assistant, electronic calendar, and global positioning system that contains a dedicated homepage for receipt and sending of messages and content related to children's issues, is preloaded with children's publications, websites that contain news and information feeds related to children's issues, and unique filters related to children's content on the Internet, and allows users to browse the Internet as well as send, receive, and store messages and other data, namely, software for use in uploading, downloading, storing, backing up, transmitting,

			receiving, accessing, retrieving, managing, organizing, synchronizing, displaying and sharing data, documents, images, audio, video, computer files, and multimedia content via global computer networks; Computer software and firmware, namely, operating system programs and data synchronization programs for personal and handheld computers; database synchronization software; computer programs for accessing, browsing and searching online databases
NABI DREAM TAB	85/974,381	7/1/2013	Handheld mobile digital electronic devices, namely, tablet computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital assistants, electronic calendars, and global positioning systems (GPS) that users may use to browse the Internet and send, receive, and store messages and other data, that is preloaded with children's publications and websites that contains news and information feeds related to children's issues and unique filters related to children's content on the Internet, that contains a dedicated homepage for receipt and sending of messages and content related to children's issues, along with user manuals in electronically readable, machine readable or computer readable form for use with, and sold as a unit with, the aforementioned goods; computer software and firmware, namely, operating system programs, data synchronization programs, and application development tool programs for personal and handheld computers; pre-recorded computer programs for personal information management; database management software in the field of children's issues; optical character recognition software; computer application software for mobile phones, portable media players, and handheld computers, namely, software for use in telephone call management and to send and receive electronic mail and data to mobile phones; database synchronization software; computer programs for accessing, browsing and searching online databases; cameras; videophones; solid state memory apparatus, namely, computer memories; computer game and electronic game programs; parts for tablet computers, electronic book readers, digital audio and video players,

			<p>electronic personal organizers, personal digital assistants, electronic calendars, and global positioning systems (GPS), namely, replacement screens, replacement power cords, stands, cases, holders, and chargers; Electronic apparatus for testing functionality of tablet computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital assistants, electronic calendars, and global positioning systems (GPS); parts, and fittings for, mobile electronic devices, namely, tablet computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital assistants, electronic calendars, and global positioning systems (GPS), namely, replacement screens, replacement power cords, stands, cases, holders, and chargers; electronic testing apparatus for testing the functionality of mobile digital electronic devices, namely, tablet computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital assistants, electronic calendars, and global positioning systems (GPS); pre-recorded audio video discs featuring audio, audiovisual, musical, multimedia and video works in the field of children's issues; batteries; rechargeable electric batteries; battery chargers; chargers for electric batteries; headphones; stereo headphones; in-ear headphones; stereo audio speakers; audio speakers; audio speakers for home; digital music players; digital video players; radios; video cameras; audio, video, and digital sound mixers; radio transmitters; parts for cameras, video cameras, headphones, stereo headphones, in-ear headphones, and stereo audio speakers, namely, replacement screens, replacement power cords, stands, cases, holders, and chargers; bags and cases adapted or shaped to contain tablet computer devices; bags and cases adapted or shaped to contain MP3 players, hand held computers, tablet computers, personal digital assistants, global positioning system (GPS) devices, electronic organizers and electronic notepads</p>
NABI DREAMTAB	86/255,079	4/17/2014	<p>Handheld mobile digital electronic devices, namely, tablet computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital</p>

			<p>assistants, electronic calendars, and global positioning systems (GPS) that users may use to browse the Internet and send, receive, and store messages and other data, that is preloaded with children's publications and websites that contains news and information feeds related to children's issues and unique filters related to children's content on the Internet, that contains a dedicated homepage for receipt and sending of messages and content related to children's issues, along with user manuals in electronically readable, machine readable or computer readable form for use with, and sold as a unit with, the aforementioned goods; computer software and firmware, namely, operating system programs, data synchronization programs, and application development tool programs for personal and handheld computers; pre-recorded computer programs for personal information management; database management software in the field of children's issues; optical character recognition software; computer application software for mobile phones, portable media players, and handheld computers, namely, software for use in telephone call management and to send and receive electronic mail and data to mobile phones; database synchronization software; computer programs for accessing, browsing and searching online databases; cameras; videophones; solid state memory apparatus, namely, computer memories; computer game and electronic game programs; parts for tablet computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital assistants, electronic calendars, and global positioning systems (GPS), namely, replacement screens, replacement power cords, stands, cases, holders, and chargers; Electronic apparatus for testing functionality of tablet computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital assistants, electronic calendars, and global positioning systems (GPS); parts, and fittings for, mobile electronic devices, namely, tablet computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital assistants, electronic calendars,</p>
--	--	--	--

			and global positioning systems (GPS), namely, replacement screens, replacement power cords, stands, cases, holders, and chargers; electronic testing apparatus for testing the functionality of mobile digital electronic devices, namely, tablet computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital assistants, electronic calendars, and global positioning systems (GPS); pre-recorded audio video discs featuring audio, audiovisual, musical, multimedia and video works in the field of children's issues; batteries; rechargeable electric batteries; battery chargers; chargers for electric batteries; headphones; stereo headphones; in-ear headphones; stereo audio speakers; audio speakers; audio speakers for home; digital music players; digital video players; radios; video cameras; audio, video, and digital sound mixers; radio transmitters; parts for cameras, video cameras, headphones, stereo headphones, in-ear headphones, and stereo audio speakers, namely, replacement screens, replacement power cords, stands, cases, holders, and chargers; bags and cases adapted or shaped to contain tablet computer devices; bags and cases adapted or shaped to contain MP3 players, hand held computers, tablet computers, personal digital assistants, global positioning system (GPS) devices, electronic organizers and electronic notepads
NABI EVERYWHERE	86/088,549	10/10/2013	Computer software that delivers, distributes and transmits to users music and entertainment-related content via computer networks and communications networks; computer software for the collection, editing, organizing, modifying, transmission, storage and sharing of data and information; interactive game software; computer software for creating on-line chat rooms for social networking, for creating social networking databases and for social networking database management; computer software for creating searchable databases of information and data for peer-to-peer social networking databases; communication software for streaming or downloading music, movies, television programs, audio books and games
NABI FACE	86/233,310	3/26/2014	Tablet computers; Computer software for use on portable and handheld electronic devices,

			namely, computer software for use in monitoring and restricting internet and computer activity across global computer networks, wireless networks, and electronic communications networks; parental control software; bags and cases adapted or shaped to contain tablet computers, MP3 players, hand held computers, tablet computers, personal digital assistants, global positioning system devices, mobile phones, electronic organizers and electronic notepads
NABI FX	86/018,049	7/23/2013	Fitted plastic films known as skins for covering and protecting headphones and earphones; Fitted plastic films known as skins for covering and protecting electronic devices, namely, personal and handheld computers, tablet computers, cellular and mobile phones, cameras, video cameras, and audio speakers
NABI GO PLAY	86/191,066	2/11/2014	Electronic monitoring devices incorporating microprocessors, digital display, and accelerometers, for detecting, storing, reporting, monitoring, uploading and downloading sport, fitness training, and activity data to the Internet, and communication with personal computers, regarding time, steps taken, calories burned, distance; USB hardware and software; computer software for fitness; pedometers; Multifunctional electronic devices for tracking, displaying, measuring, and uploading to the Internet information including time, date, body and heart rates, global positioning, direction, distance, speed, steps taken, activity level, and calories burned; Digital electronic devices that communicate data to personal digital assistants, smart phones, and personal computers through Internet websites and other computer and electronic communication networks; Computer application software for digital electronic devices, namely, personal and handheld computers, personal digital assistants, and smart phones, namely, software for transmitting, receiving, managing, organizing, sharing, and storing of data content via global computer networks; Computer application software for computers, namely, software for transmitting, receiving, managing, organizing, sharing, and storing of data content via global computer networks; database synchronization software; computer operating software and

			computer operating firmware for personal and handheld computers, personal digital assistants, and smart phones
NABI GRID	86/279,136	5/12/2014	Handheld mobile digital electronic devices comprising of a full featured tablet computer, electronic book reader, digital audio and video player, electronic personal organizer, personal digital assistant, electronic calendar, and global positioning system (GPS) device; Computer application software for use with handheld mobile digital electronic devices comprising of a full featured tablet computer, electronic book reader, digital audio and video player, electronic personal organizer, personal digital assistant, electronic calendar, and global positioning system (GPS) device, namely, software for use in transmitting and receiving Near Field Communication (NFC) technology and Radio-Frequency Identification (RFID) technology signals via global computer networks; Computer software and firmware, namely, operating system programs and data synchronization programs for personal and handheld computers; database synchronization software; computer programs for accessing, browsing and searching online databases; Small decorative ornaments or charms made of rubber, plastic, glass, fabric, electrical components, stones, or metal for use as accessories for attachment to tablet computers, smart phones, laptop computers and personal digital devices
NABI JR and Design	4,465,606	5/28/2013	Handheld mobile digital electronic devices comprising a full featured tablet computer, electronic book reader, digital audio and video player, electronic personal organizer, personal digital assistant, electronic calendar, and global positioning system (GPS) device, and capable of providing access to the Internet and sending, receiving, and storing messages and other data, with a special and unique focus on commerce by and related to children and their parents, including preloaded access to children's publications and sites and news and information feeds related to children's issues and unique filters related to children's content on the Internet; dedicated home computer screen for receipt and sending of messages and content related to children's issues; user manuals in electronically readable, machine

			<p>readable or computer readable form for use with, and sold as a unit with, the aforementioned goods; computer software and firmware, namely, operating system programs, data synchronization programs, and application development tool programs for personal and handheld computers; pre-recorded computer programs for personal information management; database management software in the field of children's issues, optical character recognition software, telephony management software, electronic mail and messaging software, paging software, mobile telephone software to enable the transmission of data to mobile telephones; database synchronization software, computer programs for accessing, browsing and searching online databases; cameras, videophones; solid state memory apparatus, namely, computer memories; computer game and electronic game programs; parts, and fittings for, and electronic testing apparatus for testing the functionality of, all the aforementioned goods. parts, and fittings for, and electronic testing apparatus for testing the functionality of, mobile digital electronic devices comprising a full featured tablet computer, electronic book reader, digital audio and video player, electronic personal organizer, personal digital assistant, electronic calendar, and global positioning system (GPS) device, and capable of providing access to the Internet and sending, receiving, and storing messages and other data; electronic testing apparatus for testing the functionality of all the aforementioned goods; user manuals in electronically readable, machine readable or computer readable form for use with, and sold as a unit with, all the aforementioned goods; pre-recorded audio video discs featuring audio, audiovisual, musical, multimedia and video works in the field of children's issues; batteries; rechargeable electric batteries; battery chargers; chargers for electric batteries; headphones; stereo headphones; in-ear headphones; stereo audio speakers; audio speakers; audio speakers for home; digital music and/or video players; radios; video cameras; audio, video, and digital sound mixers; radio transmitters; parts and fittings for all the aforesaid goods; bags and cases adapted or shaped to contain tablet</p>

Copies of the Certificates of Registrations and Applications for Registration, respectively, for the Nabi Family Marks from the USPTO's Trademark Electronic Search System are attached hereto as **Exhibit B** and incorporated herein.

9. Opposer has continuously used and continues to use many of the Nabi Family Marks in interstate commerce on or in connection with its goods and services since at least as early as 2012.

Opposer has spent considerable time, money and resources in promoting its products.
10. The Nabi Marks and Nabi Family Marks are now among Opposer's most valuable assets.
11. As a result of Opposer's extensive investment and promotional efforts, including advertising campaigns online, in print, as well as television, U.S. consumers have come to recognize the Nabi Marks and Nabi Family Marks in connection with, at least, tablet computers, software, and related accessories (e.g., cases, stands, etc.).
12. The goods in the Application are closely related to the goods Opposer offers in connection with the Nabi Marks and Nabi Family Marks.
13. Upon information and belief, Applicant's Mark is used or intended to be used in the United States on or in connection with various products directly competing with the Opposer's product, and are likely to be offered for sale, sold and/or distributed through the same channels of trade, and to the same class of purchasers, or will otherwise appear in the same or similar stores, areas of stores, websites and other commercial avenues of commerce specializing in products as those of Opposer.
14. Opposer's use of the Nabi Marks and Nabi Family Marks predate any priority date that can validly be claimed by Applicant for Applicant's Mark, including the filing date and first use anywhere and first use in commerce dates claimed by Applicant in connection with the Application.
15. Applicant's Mark bears many similarities to the Nabi Marks including, but not limited to, (a) the word construction with both marks containing the same number of letters (four); (b) Applicant's mark and the Nabi Marks are one syllable marks (i.e., NUBI vs. NABI); and (c) and letter

configuration of the Applicant's Mark and the Nabi Marks are identical, with both marks using the letter configuration "N- [vowel]- B – I."

16. If Applicant is permitted to use and register the Subject Mark for its goods specified in the Application herein opposed, confusion in trade resulting in damage and injury to Opposer would result. Persons familiar with Opposer's Marks would likely confuse Applicant's goods as being produced by or originating from Opposer, or as being in some way associated with, connected with, sponsored by, licensed by, or otherwise authorized by Opposer. Any such confusion in trade would inevitably result in loss of sales to Opposer. Furthermore, any defects, objections, or faults found with the goods sold by Applicant under Applicant's Mark would adversely reflect upon and seriously injure the reputation of Opposer by association.
17. In view of, without limitation, the similarity of the respective marks, similarity of the channels of trade, similarity of the class of purchasers and the identical and/or related nature of the goods offered for sale or intended to be sold by the respective parties, the Subject Mark in the Application so resembles Opposer's Marks as to be likely to cause confusion, mistake, or deception as to the source of Applicant's goods by suggesting that Applicant's goods are associated with or approved, endorsed, affiliated, authorized, or sponsored by Opposer, in violation of, Section 2(d) of the Trademark Act, 15 U.S.C. § 1052(d).
18. In light of Opposer's extensive advertising, promotion and use of its Nabi Marks and Nabi Family Marks, Applicant's selection and use of a term confusingly similar to Opposer's pre-existing Nabi Marks and Nabi Family Marks suggests that Applicant intends to trade off the goodwill and recognition associated with Opposer's Nabi Marks and Nabi Family Marks.

19. In view of the fame of Opposer's Marks, any use by Applicant of Applicant's Mark will dilute the distinctive nature of Opposer's Marks and is thus unlawful and actionable under the Federal Anti-Dilution Statute in Section 43(c) of the Lanham Act, 15 U.S.C. § 1125(c).

WHEREFORE, Opposer prays that Application Serial No. 86/030,366 be rejected, that no registration be issued thereon to Applicant, and that this Opposition be sustained in favor of Opposer.

Date: May 21, 2014

Respectfully submitted,

/Jennie Cheng/

Description of Mark Color is not claimed as a feature of the mark. The mark consists of an outer rectangular frame with pronounced curved corners and concave sides surrounding three concentric rectangle designs simulating a tablet computer screen with the wording "NABI" centered below a design of a butterfly inside a circle. This is placed at the top of a three dimensional configuration of a rectangular product package comprised of a box. The dotted lines of the rectangular product package box are intended to show the position of the mark and are not part of the mark as shown.

Description of Mark Color is not claimed as a feature of the mark. The mark consists of the stylized outlined wording "NABI MORPHO PODS" wherein the terms "NABI", "MORPHO", and "PODS" are written in successive descending order. To the left and right sides of the term "NABI" are two half arrows pointing in opposite directions. The two "O" letters in "MORPHO" are broken and formed by two arrows. Directly below the term "PODS" is an outlined line with two half arrows at each end pointing in opposite directions. The color black represents background and is not claimed as a feature of the mark.
